The Pronunciation Repair Shop

Welcome to the Pronunciation Repair Shop. Today, you are your own mechanic. Use your feedback reports to identify exactly what needs fixing and how to make your English sound smoother and more natural.

Step 1: General Reflection

Look at your **Speaking Feedback Sheet**. In the boxes below, write down the three things you most need to improve in your overall speaking performance (e.g., grammar, fluency, vocabulary).

Target #1

Target #2

Target #3

Step 2: Pronunciation Deep Dive

Now, read the **Pronunciation** section of your report with more focus. These are the "nuts and bolts" of your accent and rhythm. Note three specific actions you will take to improve (e.g., "I will link sounds like 'an-apple'", "I will pronounce final 's' sounds").

Action 1:

Action 2:

Action 3:

Step 3: One-Minute Challenge – "My Hope for the Future"

Prepare a one-minute talk about your future. Choose the level that matches your goal. Write your script or bullet points below.

A2 / A2+ Level

"In the future, I want to... because... I think it will be..." Focus on clear word endings and short, accurate sentences.

B1 Level

"Looking ahead, my main ambition is... If I achieve this, then..." Focus on sentence stress and a natural, steady rhythm.

B2 Level

"Ultimately, what I'm aiming for is... Not only would this help me..., but it would also..." Focus on smooth linking between words.

 WRITE YOUR SCRIPT HERE

 Task: Once you have written your text, **draw in linkages** (e.g., an ) and **underline your stressed words** (e.g., "I really want to study").

Partner Review: Pronunciation Checklist

Partner's Name: _____

Criteria

- Intonation (Voices goes up/down naturally)
- Linking (Words are joined together smoothly)
- Word/Sentence Stress (Important words are loud)
- Fluency (No long, unnecessary pauses)
